To Whom it May Concern:

National Forest Products Pinnacle Program is the best cedar program I have experienced. I have tried various grades from other suppliers, but none are equal. National's piece in piece out philosophy. There is nothing worse than sorting through cedar to satisfy a picky customer, or having a pile of cedar cull left at the end of the season. With National's Pinnacle Program, these problems have been resolved. I would definately recomend National's Pinnacle Program.

Sincerely,
