EVANS LUMBER AND BUILDERS SUPPLY LIMITED  
SINCE 1896

June 1, 2005

To Whom It May Concern:

A few years ago, I was having difficulty getting good quality cedar lumber. I tried various suppliers and they would promise me the "best" stock. The "best" stock was not that impressive.

Dan Plouffe from National Forest Products was in to see me one day and suggested I try a lift or two of his pinnacle cedar. Dan advised me that if I was not satisfied with the quality, to let him know immediately. Since that time, I have continued to purchase cedar from National. The cedar is excellent and there is no need to discount the stock in order to sell it.

Respectfully Yours
