

Quality Cedar Products

January 5, 2012

Dear Dan:

We would like to thank you for your support in developing the Pinnacle Program.

The "Pinnacle grade" is a custom grade that represents the highest quality in any "STK" cedar. It exceeds the criteria of Architectural Knotty, Custom Knotty or Select deck grade. We have other grades that are available but they do not meet the same level of quality.

We understand that to be accredited to make the Pinnacle Grade is a badge of honor to our company.

If you have any further questions please give me a call.

Thanks
